## Plans To Treat Manistee River Blocked So Far

LANSING—Plans of the Conservation Department to chemically treat a stretch of the Manistee River last week to clear the way for returning trout fishing have been at least temporarily held up by a last-minute restraining order issued from Kalkaska County Circuit Court.

The delaying measure resulted from an appeal of Dr. Burdette Berens of Kalkaska and Dwight Seifert of Frederic who contend that the Department's proposed project would deny them of recreational opportunities on the river. The two plaintiffs oppose the Department's plans to use a chemical (Bayer-73) to produce a total fish kill in a 60-mile section of the river from Cameron Bridge about five miles west of Frederic, Crawford County, to Sharon, Kalkaska County.

Dr. Berens and Mr. Seifert favor, instead, the application of a conventional, selective chemical which would only eradicate chestnut lampreys in the problem area of the stream.

A hearing was held at 2 p. m., September 19, at Wexford Circuit Court in Cadillac to weigh both sides of the issue but was then postponed for after 2 p. m. on October 5th, at the Kalkaska County Courthouse.

The Department's goal is to kill two problems with one chemical shot. Its plans are keyed to wiping out both chestnut lampreys and rough fish in waters between Cameron Bridge and Sharon.

The lampreys have made big inroads into this area's trout populations and rough fish are competing with trout for food.

"We fully realize that our proposed treatment would also kill trout, but this loss would be relatively small compared with what we have to gain," explains Dave Borgeson, in charge of species management for the Department's Fish Division.

"With trout populations virtually nil in most of this area scheduled for treatment, we might as well knock out everything so that we can start with a clean slate in re-establishing trout fishing," he adds.

If the Department gets the court's go-ahead to treat, Borgeson predicts that the stream's trout fishing will make a fairly quick comeback. Following chemical application, the Department would plant about 200,000 young brown and rainbow trout in the problem area which should reach legal size by late next summer or early in the fall of 1967.

## I-75 Business Loop Lighting Proposed

Plans for lighting of I-75 business loop at the south entrance to Grayling were presented to the Grayling Township Board at its regular meeting on September 22, Tuesday, September 20th at a meeting held at the Arrowhead Inn and the plans were presented by Supervisor Fowler. Unanimous approval was received and following approval a request was made for a study to determine the cost of the lighting. The study will be sent by Consumers Power Company to the Michigan State Highway Department for their approval. A request has been made to Consumers to provide plans for lighting of the I-75 business loop immediately north of Grayling. Upon receipt of the requested plans a meeting will be held for those property owners.

A special meeting of Grayling Township residents will be held on Monday, October 3rd, at the Grayling Township Hall to discuss the Township Zoning Ordinance. In case of an overflow, arrangements have been made for facilities at the high school. Following receipt of a petition signed by some 50 residents the Township Board has requested that this meeting be

## Viking Drama Club To Present "Tom Jones"

"Tom Jones", a wild and delightful comedy-farce, adapted from Henry Fielding's comic masterpiece, has been selected as the fall production of the Viking Drama Club at Grayling High School. The play captures the skylarking spirit of the original novel, the gaiety of old England, and the charm of young love. It is a wholesome play, offering an exciting challenge to young actors. Try-outs for an all-school cast of 29 are now being held. Members of the cast will be announced within the next week. Drama fans will remember the academy award winning movie version that appeared at the local theatre last year. The G. H. S. production is scheduled for November 11 and 12.

## WHAT ARE THE JAYCEES?

Over the past five months we have seen the Grayling area feel the presence of our new organization, the Grayling Jaycees. We feel that we are off to a very good start and hope the area residents agree.

We have one problem that we feel we have failed at. We have not let all the people know what we are. This article we hope will do just that.

1. The Jaycees are not a political organization. But we do have a great interest in state and local politics.

2. The Jaycees are not a religious organization. But most of our members may be seen in their respective churches each Sunday.

3. The Jaycees are not the Jr. Chamber of Commerce. This used to be the name of the Jaycees but due to the continual association made with the Chamber of Commerce the name was changed. Our name might well be the Grayling Young Mens Service Club.

4. The Jaycees are men from 21 to 36 that are interested in their community.

5. The Jaycees are interested in the youth of their community. Most JC projects are for youth education or recreation.

6. The Jaycees are the future leaders of their communities. This will take time to prove but it stands to reason that a young man who helps his community will turn into an older man who leads his community.

The Jaycees are in Grayling, to stay, to help and to lead.

## Capacity Crowd Attends Annual Chamber Dinner

There was not an empty place in the main dining room at the Chief Shoppengons Motor Hotel last Thursday night for the annual dinner meeting of the Grayling Regional Chamber of Commerce. Upwards of 125 people were in attendance including representatives of both the Roscommon and Houghton Lake Chambers of Commerce.

The invocation preceding the fine dinner was given by Rev. Father William F. McKnight of Grayling St. Marys Church. Following the meal, Chamber Manager Earl H. Longworth served as toastmaster for the program. After a few opening remarks, Mr. Longworth introduced several guests and also some newcomers to the area.

Mrs. Walter F. Truetzner, outgoing president spoke briefly and then presented the new President for the coming year, William Kraus. Mr. Kraus told the assembly of some of the plans for the coming year and then presented a gift from the Chamber Board of Directors to Mrs. Truetzner.

Board of Director member Wm. Tufts was then called upon to make the annual presentation of the area's outstanding citizen. This year, the award was made to Mrs. Johanna Gorman, Crawford County Nurse, for her many, many years of unselfish service to the community. As Mr. Tufts put it, "service far beyond the call of duty". She was presented with an award plaque suitably engraved to mark the occasion. Attending the meeting were many of her co-workers from District Health Department No. 1.

Mr. Longworth then presented the speaker of the evening, Gene Little, manager of natural resources for the Michigan State Chamber of Commerce, also outdoor editor for the Lansing State Journal. Mr. Little's address entitled, "What is Happening to our Lake Shores", informed those in attendance of the need for constant vigilance to prevent what he described as "cabin blight" in northern Michigan as also to protect our waters, both lakes and streams, from pollution.

Serving this coming year with President Kraus will be: John Latusek as vice-president; Mr. James Forbes as treasurer; Mrs. Longworth, manager; Mrs. Roy Roper, secretary. The Board of Directors will be made up of these officers plus Gerald Burns, Raymond Elsey, Bernard Fowler, Gordon Thompson, Edmund Rutkowski and Donald Welter. The three directors leaving the board this year after several years of service include Mr. Tufts, Mrs. Truetzner and Charles Kroll.

## POSTOFFICE TO CLOSE WINDOWS AT 4:30 P. M.

Beginning on Monday, October 3rd, the Grayling Post Office will discontinue window service at 4:30 p. m., according to Grayling Postmaster James Post. New orders from the Post Office Department in Washington, D. C. calls for 8 and one half hours of continuous window service which will be from 8 a. m. to 4:30 p. m. in Grayling. Postmaster Post also pointed out that the main mail departing south from Grayling would be at 4:35 p. m. each day and urged patrons to get their outgoing mail into the Post Office by 4 p. m. if at all possible.

This new directive by the Postal Department will effect 13 other offices in this section of the state as well as Grayling. The new time schedule will allow southbound mail to tie into the Saginaw-Toledo highway postoffice truck thus assuring next day delivery for mail not only in southern Michigan but also in Ohio and Indiana.

## Red Cross Meeting

On Thursday, September 22nd, ten people, interested in the cause of Red Cross locally, met at Chief Shoppengons Motor Hotel.

Field representative George Hutchins was present and explained to the group the functions of Red Cross. He pointed out that local chapters are responsible for three mandatory programs, namely service to military families, furnishing food, clothing and shelter during National disasters and fund raising and public information. Permissive programs include the blood program, first aid, swimming and life saving etc.

Mrs. Clyde Borchers (Mary Gretchen) has accepted the responsibility of helping with home service (aid to military families). Mrs. Leo Jorgenson is also on this program and it is hoped that one more person will be available.

Other needed chairmen have still not been found.

The Episcopal Church women are making and filling 25 ditty bags to be sent to the soldiers in Viet Nam. It is the aim of the Red Cross that each soldier in Viet Nam will receive one.

## Extended Trout Fishing Area On AuSable

LANSING—Michigan fishermen are reminded that a section of the AuSable River's Main Stream from Burtons Landing down to Wakeley Bridge remains open to all trout fishing through October 11.

The trout research area comes under special fishing regulations which are posted along this approximate eight-mile stretch. It is the only span of water in Michigan where brook trout are legitimate catches along with rainbow and brown trout at this time of year. Confusion has arisen over angling in this area because the special section was omitted in the Con-

## Two GHS Seniors Semifinalists In 66-67 Merit Race

Principal Elmer Fenton has announced that two seniors at Grayling High School have been named Semifinalists in the 1966-67 Merit Scholarship competition.

The students cited for their high achievement are Lynn Elsey and Robert Jackson.

They are among the highest-scoring students in the state of Michigan on the National Merit Scholarship Qualifying Test, administered last spring in 17,500 schools nationwide. More than 14,000 Semifinalists were appointed across the country.

The Semifinalists can advance to Finalist status by receiving the endorsement of their schools, substantiating their qualifying test performance on a second examination, and submitting information about their achievements and interests. All Merit Scholars for 1967 will then be selected from the Finalist group.

Semifinalists are representative of the country's most intellectually able, young people, according to John M. Stalnaker, president of the National Merit Scholarship Corporation. "From them will come much of our future leadership," he said.

"These students bring honor not only to themselves, but also to their families, their teachers, and their communities," Stalnaker said. "Their success is the result of their own efforts, including well directed energy, usually coupled with the effective direction and encouragement of parents, friends and teachers."

Mrs. Goshorn was born July 5, 1884, at Millhall, Pennsylvania, the daughter of Mr. and Mrs. Henry Geraty. She was married to Scott Wylie in 1905, and they came to Grayling in 1913 from Chicago. Mr. Wylie died July 7, 1931. Mrs. Wylie was married to Floyd Goshorn in 1937, and he passed away in 1941. ## Grayling Area Hunting Forecast By Chamber

With Archery Season opening October 1, the deer herd in Crawford County is good. Reports from Conservation officers of the area and the local bow and arrow enthusiasts are that we have a bumper crop of deer. The fall food situation is excellent. One of the finest acorn crops in years is showing up in the hardwood forested areas. Apple trees in abandoned orchards are heavy with fruit, and all signs point to a successful opening date.

Grouse are appearing in good numbers, especially in swamp areas. The unusually dry summer has kept the birds in damp areas, but with seasons first frosts, birds are starting to move to feeding areas. Thornapple thickets, abandoned orchards, berry patches, and low lying river areas should produce good shooting.

The Main Stream of the AuSable River and the South Branch of the AuSable had good broods of ducks. Duck hunting on these canoeing trails should prove profitable.

Fall colors are starting to show, with fall colors probably reaching a peak the second and third week of October. Grayling's "Carnival of Color" is taking place October 7th and 8th.

## LITTLE LEAGUERS TO SEE TIGERS PLAY

Saturday morning, October 1st, all Little League players who wish to attend the Tiger baseball game will leave the High School Garage at 8 a. m. by school bus. All those planning to go must notify by 9 o'clock Friday morning, Mr. Au-miller for those who attend school in Frederic, Mr. Ferguson for those who attend high school, Mr. Thayer for those at the Grayling Elementary school, and Sister Cecelia at St. Marys School. Players must bring 25c for bus expense, and enough food for lunch and dinner. The buses will arrive back in Grayling approximately 6 or 7 hours after the game ends, which will be around 10 or 11 o'clock Saturday night, so parents should plan enough food to last their sons the entire time.

If there is any space left on the bus, boys of comparable age may go on the bus for a \$1 charge. This will be on a first-come, first-serve basis and strictly whether any space is available, as there is no way of knowing beforehand how much space will be taken up. Adult chaperones will be present on each bus.

## Vikings Lose To Boyne City 12-3

The Grayling Vikings, after losing to the Boyne City Ramblers last Friday night 12 to 3, are busy this week polishing their attack and working on defensive formations with an eye to entertaining the Pellston Hornets at the local gridiron this Friday night.

Seven penalties at Boyne City last Friday night either were responsible for keeping the Ramblers' drives alive or killing off the Vikings. Grayling had two touchdowns called back in a game that was played mostly in the rain.

The Viking defense was real high and rushed the Boyne passer unmercifully. He had connected with a few good passes for 150 yards against Petoskey the week before but was

## Grayling Region To Participate In Travel Shows

The Grayling Regional Chamber of Commerce Board, at its regular meeting September 22, made plans to enter into four Travel Shows in conjunction with E.M.T.A. this winter.

Through a community participation program, E.M.T.A. has made it possible for communities to participate in E.M.T.A. Travel Show booths.

The shows selected by E.M.T.A. this year are at Columbus, Ohio - February 10 to 19, Detroit - March 3 to 12, Cleveland, Ohio - March 10 to 19, and Indianapolis, Indiana - March 22 to April 1.

The Grayling Region will be promoted in Columbus, Ohio and Detroit shows by E.M.T.A. in Cleveland and Indianapolis Shows, the Grayling Region will have its own booths in conjunction with E.M.T.A., and it will be manned at all times with Grayling Chamber personnel.

The financing of the Travel Show program was made possible by volunteer contributions from the following businesses and individuals: Automotive Parts & Supply Co., Baker's Triangle Motel, Barkley's Lil Smokey RR, Borchers' Canoe Livery, Canoe Inn, Carlisle's Canoe Livery, Chief Shoppengons Motor Hotel, City of Grayling, Clair's Standard Station, Cornell Agency, Crawford County Avalanche, Dawson's, Edgewater Resort, Forbes Motel, Glen's Market, Hat's Motel, Holcomb Realty, Post Oil Company, Rochette Shell Service & Party Store, Sorenson Agency & Associates.

It is hoped that the tangible results from participation this year will be rewarding enough to allow the Grayling Regional Chamber of Commerce to have its own booth in all four Travel Shows in the winter of 1968.

Contributions for this Chamber activity are still accepted and the money will be used for promotional literature to be used at the show.

## October 1 Grand Opener For Hunting Seasons

LANSING—Michigan's first big volley of fall hunting action for 1966 cuts loose with a bang and a twang on October 1, the Conservation Department reports.

On that red-letter day for sportsmen, gun hunters open fire on small game and geese in the Upper and northern lower Peninsulas, and archers steal afield with deer on their statewide target list. Meanwhile, bears offer big shooting stakes for both gunners and bowmen above the Straits.

For upwards of 175,000 sportsmen expected on the state's hunting front October 1, the outlook for action is about the same as last year—generally good.

Conservation Department field reports indicate that ruffed grouse hunting the northern Lower Peninsula should be at least as good as last year, when about 224,000 of the birds were bagged in that region.

This fall's prospects shape up closely with 1965 for archery deer hunters, who harvested over 2,100 whitetails last season.

Deer populations, up in some areas and down in others, are about on the same overall level with last year's in the northern two-thirds of the state. In Michigan's southern farm-belt, the deer herd has continued to grow, which means that bow-and-arrow enthusiasts should find more whitetails flashing in this part of the state.

For the second straight year, bears will be protected from all hunting in the Lower Peninsula because of their low population below the Straits.

The opening day picture for goose hunters in northern Michigan depends strictly on the whims of the weather. Freezing temperatures are needed in Canada within the next few days to push the birds south.

If goose migrations run true to form this fall and the weather triggers flights in time, the best hunting for these birds on October 1 should be in the west end of the Upper Peninsula and Benzie, Leelanau and Mason counties in the northern Lower Peninsula.

## Autumn Color Change Leaves Science Foiled

One of the great mysteries of nature is unfolding in Michigan's woods and forests as the greens of summer give way to the flamboyant colors of autumn. Those who look at the change of the season through scientific eyes have observed that both the matter of the turning of colors and the falling of the leaves coincide with a definite timetable of nature, related to the shortening of the daylight hours. It is the same kind of timetable that triggers the southern migration of birds and the spawning run of certain species of fish — a mystery which scientists have never been able to unravel.

## LETTERS TO THE EDITOR

September 16, 1966  
Robert W. Strong, Publisher  
Crawford County Avalanche  
Grayling, Michigan  
Dear Mr. Strong,

I wish to express my personal appreciation to you for the fine expression of tribute to Bruce Carlson which appeared in the September 15th issue of the Avalanche.

The words you employed in the third paragraph pictured the man very well. If I were to describe his person I could think of no finer words.

One of the things I appreciate most about a community the size and nature of Grayling is that here we seem to have the opportunity to get to know and appreciate one another as real persons. Your publication contributes greatly to this by its fine personal coverage of local news.

Sincerely,  
Pastor Charles Kolb

Mr. Robert Strong, Editor  
Crawford County Avalanche  
Grayling, Michigan  
Dear Mr. Strong:

I'm writing from my new home in St. Charles this time, and have had time to think over my summer in Mexico as an exchange student. It has been a wonderful two months. Thinking back, it is the common everyday happenings that I miss the most.

Going to school on the bus I would see men riding in the back or on top of trucks, sometimes sleeping, other times with only feet visible. There were the open shops, which were closed at night by pulling down something like a garage door. All around you was the bustle of a big city. It was always with a great deal of pleasure that I used to watch the people: mestizos, Mexicans, foreigners and American tourists. I'll never forget the bakery shops with their long shelves full with different varieties of breads — and pastries. A person can never forget the Mexican food. I liked it very much, except for the chili, which I never did get used to.

What have I achieved? Well, one of our counselors told us once, that a person divides people into two different categories: good and bad. He places himself in the first group and all other people, who's opinions differ from his own, into the second group. If some of his groups ideas aren't valid, he will defend them anyway. As exchange students, we have learned that this cannot be done. Mexico and the United States are different — so we can't compare them to each other. As exchange students, we weren't there to defend the United States, but instead, to show that people all over the world can live together in peace. I feel I've helped to further these ideas.

Mexicans are tender, warm.

## The Absentee Vote . . .

In close elections, the absentee vote often decides the issue. In the 1960 presidential election, Richard M. Nixon carried the State of California by the absentee vote. There are countless examples of absentee votes making the difference between defeat and victory in close elections.

It has been estimated that there are nearly a million Americans presently outside the continental limits of the United States. In addition to this, there are always countless thousands of potential voters away from their home precincts on Election Day but still within the borders of the United States. The mobility of the American people makes the absentee ballot a highly significant factor in every election. It enables millions of American citizens who would otherwise be disenfranchised to cast a ballot for the man of their choice.

If you expect to be away from your permanent residence on Election Day, you owe it to yourself as a citizen to obtain an absentee ballot. The right to vote is the most fundamental of all our rights. The behavior and performance of office holders, at every level of government, is dictated by the knowledge that periodically they must come before the bar of public opinion in the polling booths.

The caliber of men in public life is a direct reflection of the wisdom and judgment exercised by the voters. When it is time to vote, you are the only person in the booth. If you cannot be there personally, let the absentee ballot serve as your proxy.

## Breach In The Wall . . .

Sweden is often pointed to as the showplace for socialism. With this in mind, one would suppose that the land area in Sweden would be predominantly publicly owned. But, of Sweden's 112 million acres of land, only 25 per cent is owned by the government, while the remaining 75 per cent is held by private owners. By contrast, in the United States, supposedly the stronghold of capitalism, free enterprise and private property ownership, 39 per cent of the nation's 2,300 million acres of land is owned and controlled by federal, state and local governments.

All the land in the alley that lies in the rear of block 15 has now been acquired by the City and workmen are busy constructing the roadway. The last parcel to be acquired was that belonging to Frank Sales. Title has now been secured and it is expected that within a few weeks the alley will be improved with concrete and a curbing wherever needed. The entrances are between the M. P. S. Co. office building and the Ernest Olson barber shop, at the west end, and the Mrs. Schjotz residence and the Mrs. Olson store building at the east end.

Mr. and Mrs. Nielsen were married in Louisville, Ky., Sept. 12, 1907. Both will be remembered by the older residents of Grayling. At one time they resided at their farm in Beaver Creek called Forest View Farm. Later they moved to Grayling. Mrs. Nielsen was an able writer and contributed to the columns of the Avalanche. Mr. Nielsen was an artist of rare ability and made several oil paintings, among them the life size oil of the late Dr. Oscar Palmer that now hangs in Crawford County court house where Dr. Palmer was the prosecuting attorney for about 22 years.

## V. F. W. POST 3736

Thanks to all post members who were present for the long form ritual. There were only 7 present but we had quite a few visitors for the occasion. Cake and cookies were served afterwards. There was also a short business meeting after.

The Chemical City Post 3651 of Midland sent the ritual team. The floor work was very impressive and was enjoyed by those present. Comrades, what do you say to getting some new members into the Post? See what we can do to better our post.

Our meeting place has been changed, also the date. Next meeting Wednesday, October 12 at 8 p. m., American Legion Hall. Please try to attend. Several more items to be discussed and acted on. William Higbee, Post Comm.

## V. F. W. AUXILIARY 3736

Our meeting was brought to order by President Lucille Tetting with six members present. The meeting was opened according to ritual. Several items were brought up and acted upon.

Several ladies attended the open house for the V. F. W. Post 3736 and the long form ritual at the American Legion Hall. Coffee and cookies were served afterwards.

We had seven officers stay and attend the regular meeting in the evening. Those attending were Mattie Albright, Edith Miller, Beverly VanHinken, Jean Myers, Jessie Hopper and Evelyn Fraser, all of Roscommon Auxiliary 4159, and Mabel George of Mio Post 4126, Auxiliary Department Historian.

The annual Pow Wow is October 8 and 9 in Traverse City. Anyone wishing to go contact President Tetting.

In the absence of any more business our meeting closed, with coffee and cake, the latter a birthday cake for Cleo Armstrong. The door prize went to President Tetting.

The next meeting is October 16 at 8 p. m., which is also inspection night, so please try to have your books in order and come down and join the crowd.

## Friends

"One mistake may mean your life," that is, "one mistake with a gun." So said Bernard Morgan, Michigan Conservation Supervisor from Mio, guest speaker at the Friends of the Library meeting last week on Tuesday. Mr. Morgan held everyone's interest by relating personal experiences with gun hunters in the field. The number 1 rule of gun safety to follow is to treat every gun as if it were loaded. Always check to make sure it is unloaded. He stated that the Michigan Conservation Department to date has instructed over 77,000 students in the high schools with their hunter safety program, which consists of 4 one-hour sessions. He stressed the point that a gun hunting license is not a "quick-game deed" to hunt the State of Michigan, that one must obtain permission from property owners if we are to continue to have hunting grounds to handle the increasing number of hunters.

He spoke on hunting trip survival tips if lost in the woods, and said that believe it or not, you can't buy a compass that always points to your car. A question and answer period followed his discussion of gun safety.

At the business meeting presided over by President Mrs. Leo Post, summer Library business was reviewed. It was decided to hold another book fair, this time at the Carnival of Color, in the downtown area. Mr. Earl Whaley was appointed chairman. Anyone wishing to contribute books may bring them to the Library before October 5.

New evening fall Library hours are from 6 to 8 p. m. on weekdays, an additional hour over the spring hours.

The Friends of the Library and Library Board wish to thank the City of Grayling for the new sidewalk in front of the library building. The walks add still more appeal to our modern building along with the lush petunia beds. A site all residents should be proud to see.

Next Friends meeting is October 18th.

## North Central Michigan Polaris Apollo Study Meets At Cadillac

A meeting was held Tuesday, Sept. 20, 1966, at the Wexford County Courthouse in Cadillac, by the Advisory Council for the Polaris Apollo Study. Representatives were in attendance from the six intermediate school districts representative of the ten counties involved in this study. Additional representation was present from the Grand Rapids Diocese and NORCAP.

The purpose of the meeting which is held monthly by the Advisory Council in various parts of the ten county area is to give direction to the study and to coordinate the activities of the Project Director in working with the various communities to determine those educational needs that are presently not being satisfied.

The structuring of this study calls for Planning Committees to be formed in each of the intermediate school districts composed of both Professional Educators and representatives of Public Agencies, Social Service Clubs, and Cultural Interest Groups. Since these Planning Committees are in the process of being formed, by invitation, the Advisory Council addressed itself in particular to the procedure that the Planning Committee could follow in realizing their goals and objectives.

The Polaris Apollo Study also calls for the utilization of professional consultants in the field of education who can be contracted through various universities of Michigan and elsewhere in the United States to give guidance and direction in the study as related to their specialties. It was the decision of the Advisory Committee that the individual planning committees representative of the various communities should determine the particular areas of need that they wanted to explore and submit

these areas to a Board of Consultants who would suggest and advise them on the proper course of action in determining the seriousness of the need. The Advisory Committee has the responsibility of approving the consultants and specialists used in the study and has delegated the responsibility of contract and assignment to the Project Director.

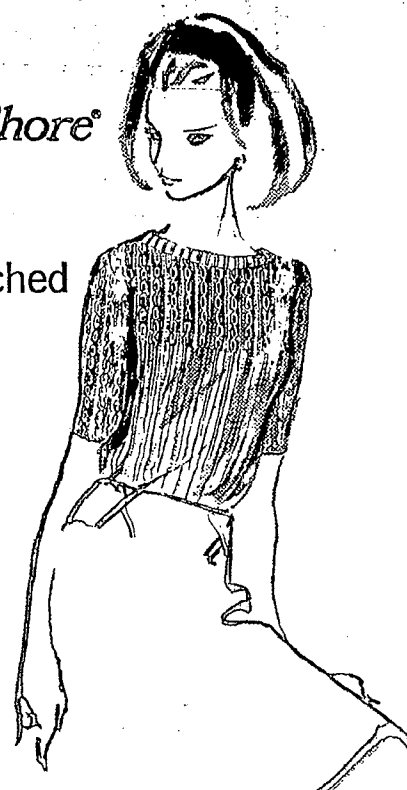

A second portion of this initial Advisory Council and Advisory Committee Meeting was to determine the organizational structure or responsibility for the administration of this study. It was resolved that the Advisory Committee should be the final policy and decision making body which would make its decisions and policy on the basis of resolutions proposed in the Advisory Council Meeting. The Advisory Council would consist of members of the Advisory Committee of all six intermediate school districts as well as the representatives of the Parochial Schools, NORCAP, and the Community College.

The Planning Committees would therefore, be that portion of the organizational structure that actually determine needs on the local community level, the Advisory Council would serve a co-ordinative function and offer resolutions while the Advisory Committee will be the policy making body. The Advisory Committee will be in a position to direct and co-ordinate the efforts of the various Planning Committee in a realization of their goals.

This study is being funded under the 1965 Elementary & Secondary Education Act with its office in the Roscommon County Building so that any questions the public might have should be directed to Mr. Calvin Bones the Project Director, Box 507, Roscommon, Michigan.

Cost of Living  
Up \$242,000  
in County

(Special to the Avalanche)

NEW YORK—In Crawford County, the cost of living is seven per cent higher today than as a year ago.

On the basis of the latest Labor Department findings, the average family needs approximately more per year than it did '65 to buy the same amount of goods and services.

But the size of the increase isn't the size of the increase a family that has a net after-income of \$6,653, which is the average.

For families in the \$10,000-a-year category, an additional \$260 is needed, for those at the \$4,000 level, \$104.

It took, to purchase the same amount of goods and services as 1965 will cost residents of the area some \$242,000 more this year at present price levels.

Creeping inflation in the past 12 months has boosted the cost of housing, transportation, medical care and other necessities over 2.8 per cent, according to Government's composite findings.

was the biggest rise in many years. By way of comparison, increase in the cost of living from 1962 to 1964 was only 1.4 per cent, and in the following year, 1.8 per cent.

The sudden surge upward has experts worried. Once real income gets under way it tends to spiral upward, past experience shows.

By the inflationary forces that created the present situation point to heavy government spending, union pressure for big hikes, shortage of labor, factories running at near maximum capacity and the huge consumer demand for all kinds of commodities.

Though many people think that food prices were chiefly responsible for the rise in the cost of living, they were not, a breakdown shows. They accounted for a fourth of it. The cost of shoes increased nearly twice as much.

Fortunately for most Crawford County families, their incomes have been going up at a faster rate than consumer prices, so that they have been able to maintain their standard of living.

Those on pensions or other set income, however, have had to tighten their belts somewhat.

The wedding vows of Miss Pamela Jo Beery and Mr. Walter Wesley Fallon, Jr., were exchanged at St. Francis' Episcopal Church on Saturday, September 10, 1966. The Reverend Father J. R. C. Patterson, vicar of St. Francis' conducted the 1 o'clock ceremony. Music was by Mrs. Anemarie Bulthuis.

Pamela, daughter of Mr. and Mrs. Eli W. Beery of Grayling, was escorted to the altar by her father. She wore a gown of white satin in Empire style, with bell sleeves and Sabrina neckline of Alencon lace trimmed with seed pearls. Her bouquet was of gardenias and stephanotis with ivy.

The bride's sister, Miss Janice Beery, was maid of honor. Bridesmaids were the Misses Charlott Berlin of Hudson and Miss Jeanette Henig of Grayling. They were attired in full-length Empire A-line style gowns of champagne satin, with matching Dior bows atop their heads. Their flowers were champagne colored carnations with stephanotis and ivy.

William Fournier of Dearborn, fraternity brother of the bridegroom, served as best man. Groomsman were Michael Fallon, brother of the bridegroom, Haymen G. Metheny, of Waterford, fraternity brother. Ushers were Ted and Lawrence Beery, brothers of the bride, and Michael Zio-gas of Lansing, fraternity brother of the bridegroom.

A reception was held at the Arrowhead Inn following the wedding. The white three-tiered wedding cake crowned with yellow tea roses and stephanotis was served by Miss Judith Day and Mrs. Michael Stillwagon. The wedding punch was served by the bride's aunts, Mrs. R. K. Ball and Mrs. L. A. Beery, Jr.

For the honeymoon trip to Nassau the new Mrs. Fallon chose a beige and black paisley dress with matching princess style coat. She is a 1964 graduate of Grayling High School and a junior at Michigan State University, where she is majoring in Art Education. Mr. Fallon, the son of Mrs. Nels Olson of Grayling, is a 1963 Grayling High School graduate and a senior at Michigan State. He is a member of Alpha Kappa Psi fraternity, and is majoring in Personnel and Labor Relations. The couple will reside at 801 Glenhaven Avenue in East Lansing.

Out of town guests included Mr. and Mrs. L. A. Beery of Akron, Ohio, Mrs. Ralph Ball of Elyria, Ohio, Mrs. L. A. Beery, Jr., of Washington, D. C., Mrs. William Morris of Oklahoma City, Okla., Mrs. William Tutt of Minneapolis, Minn., and nineteen fraternity brothers from throughout Michigan.

Mr. and Mrs. Nels Olson hosted a rehearsal dinner at the Chief Shoppenagons Motor Hotel the evening before the wedding.

## BITS O' TALK

Mr. and Mrs. Norval Stephan left Monday the 19th and spent a couple of days touring in Canada. They crossed over at Sarnia and visited both the Canadian and American falls at Niagara. Driving south along Lake Erie they had lunch with Mr. and Mrs. Nelson Bader in Kirtland, Ohio, former Gaylord residents, and also visited the Morrison Temple there built about 1835 by Joseph Smith, and considered to be one of the older American landmarks. Before returning home Friday they were overnight guests of their employers, Mr. and Mrs. Milton Knight in Perrysburg, Ohio.

How many dimes in a foot? Find out for yourself October 7th & 8th. Mr. and Mrs. Richard Lovely spent last week in Marquette visiting their daughter and family, the Bill Gannon's going to see their new grand-son Michael Aaron. Michael was born in St. Mary's Hospital there on September 10. He weighed 7 pounds 14 ounces. His paternal grand-parents are Mr. and Mrs. Leo Gannon.

Mrs. LeRoy Millikin reports that her husband is off the critical list and coming along nicely at Ford Hospital in Detroit.

**M.E.A. Regional Council Meeting Held Sept. 22**  
The regular meeting of REGION 13 M. E. A. COUNCIL was held at Schlang's Bavarian Inn at Gaylord, on Wednesday, September 22. Presentation of the annual budget and reports from the council committees were on the agenda. A special report on the National Education Association Convention, held this past summer in Miami, Florida, was given by Mrs. Myrtle Gehrke of Alpena. Mrs. Maurine Wyatt, M.E.A. Field Representative from Traverse City, was the speaker of the evening. Plans for the coming M. E. A. Convention in Cadillac, October 6 - 7, were presented. Attending the meeting from the Grayling Education Association was Carl Minor, a member of the Regional Council.

Doug Berry, David Pettyjohn and Albert Fox left September 17th for the 500 to attend Lake Superior College. Wave Berry has been at Northern Michigan U., Marquette, since September 10th.

Allen Carr sold his river frontage on Alger Street to Wesley Sammons of Lansing, a former Grayling boy who by coincidence saw Allen's ad in the Avalanche which was wrapped around something Mr. Sammons received in the mail. He wrote and received a quotation, and was at the Carrs' door the next day to close the deal. Mr. Sammons has no immediate plans for building, Allen says. He at one time lived in a house where the City Hall now is, one where the City garage is, and one at number 217, all on Alger Street.

There has been new sidewalk installed in front of the library, repairs to sidewalk and paving at the Audsable Service station, and at Scheer Motors, and at the Post Office, all done by the city in the past week.

How many dimes in a foot? Find out for yourself October 7th & 8th. Mr. and Mrs. Harold Long have sold their restaurant on Cedar St. just west of Michigan Avenue to Jim Bourrie, who took over the business on September 12. Mr. and Mrs. Long came to Grayling from Detroit in 1946, just after he got out of two years' service in the army, and have operated the restaurant ever since except in winter. Their present plans are indefinite. Mr. Long suffered a heart attack while at Cedarville last week and visited a specialist in Detroit the latter part of the week instead of completing his vacation. He is resting at home for the present. The Bourrie family came here when the Glen's Market opened several years ago.

Miss Nancy Fenton enrolled at Ferris State College, Big Rapids, on September 18th.

The Harold Longs stopped to see their daughter Sharon, a student at Central Michigan U., Mt. Pleasant, on their way back from the heart specialist in Detroit last week, to break the return trip.
